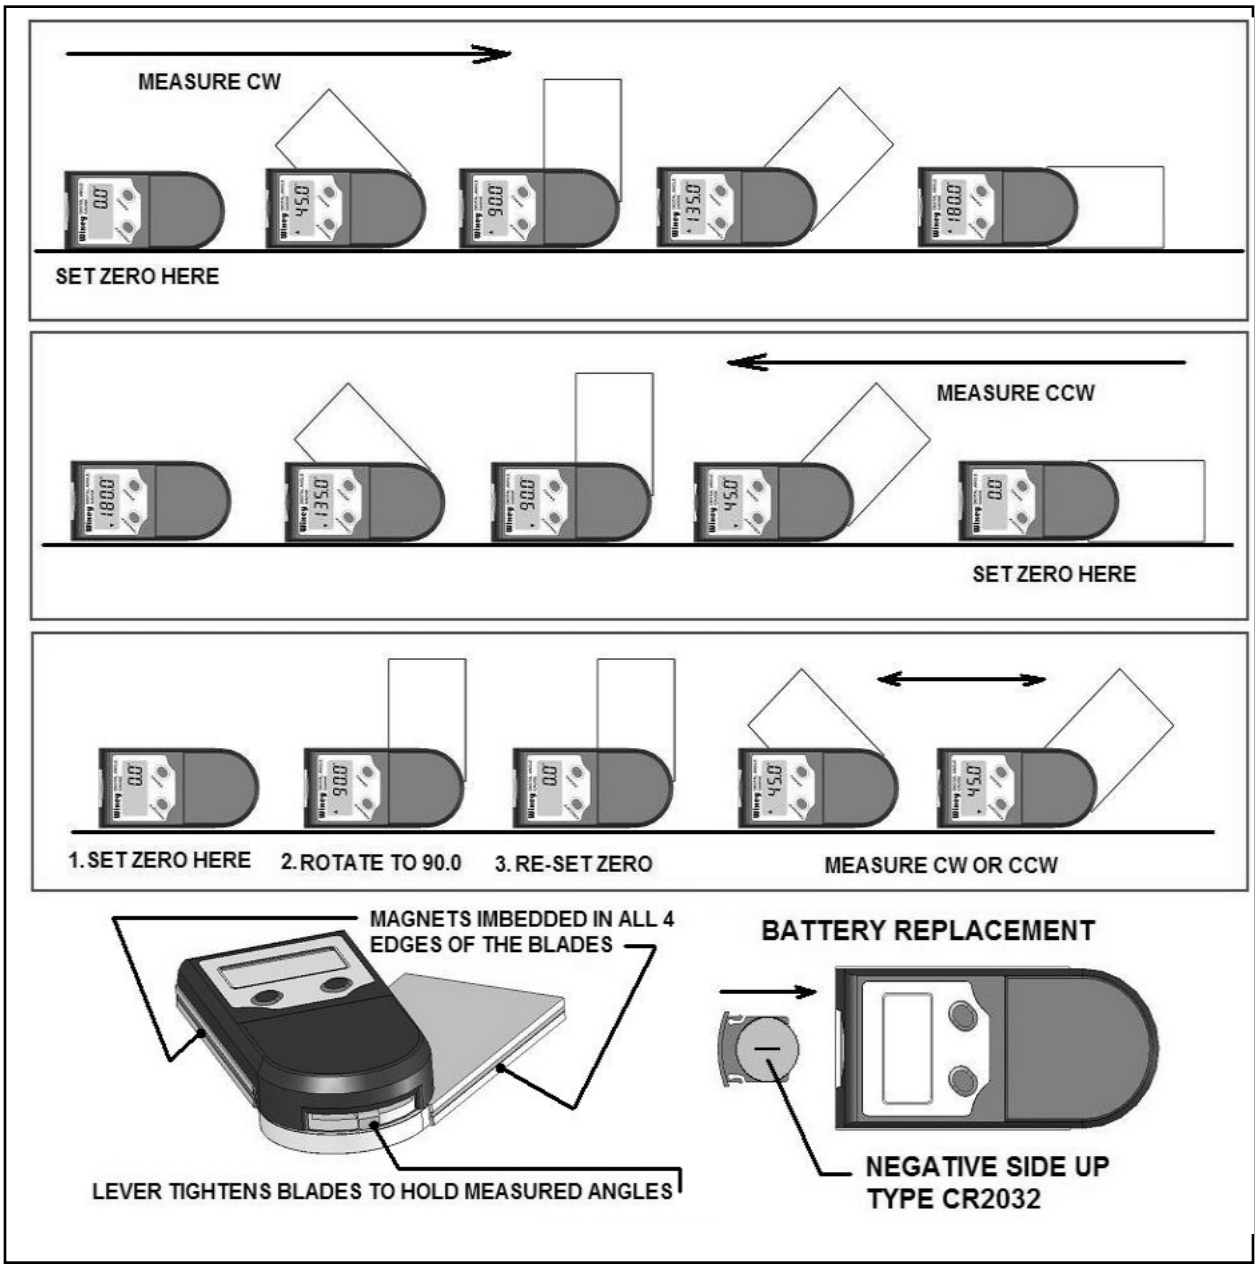
SAFTEY FIRST

- Always turn off and unplug power tools before using the Digital Protractor
- Never use your power tools without properly installed blade guards. The guards may not be shown in our instructions only to make the illustrations clear.

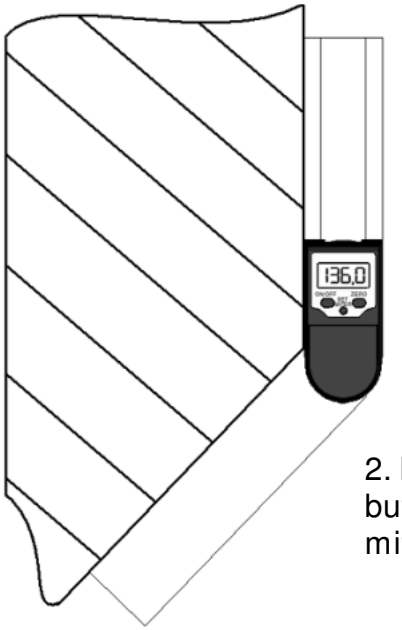


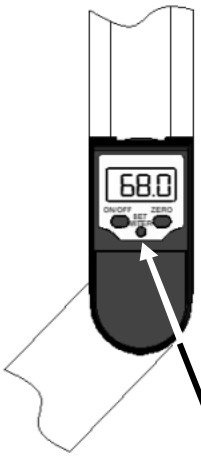
Troubleshooting

Problem	Possible Cause	Solution
Flashing Digits	Low Voltage	Replace Battery
No Display	Low Voltage	Replace Battery
No Display	Bad Contact	Clean Battery
Erratic or Frozen Display	Internal Error	Remove Battery Wait 1 Minute and Replace

Using the Set Miter function to cut perfect trim

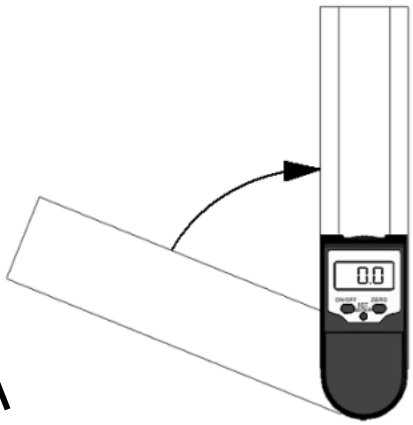
1. Measure the angle of the feature being trimmed



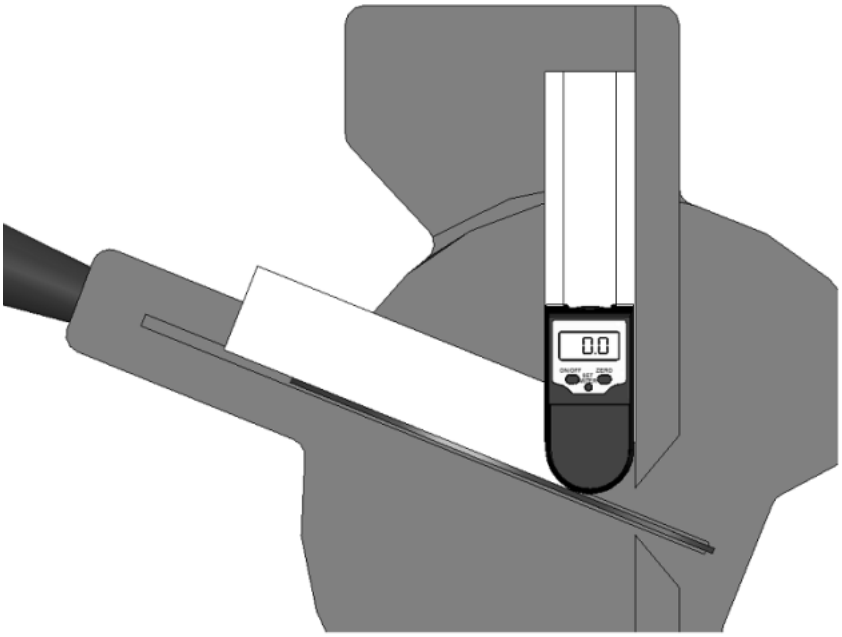


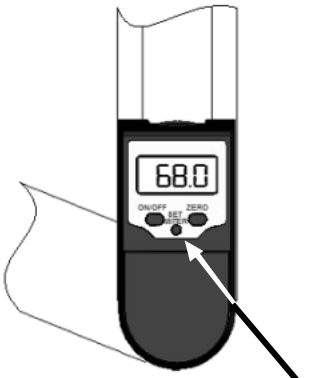
2. Press the “Set Miter” button to calculate the exact miter angle

3. Rotate the leg until the display shows 0.0



4. Use the 0.0 position to set the saw to the correct angle





5. Press the “Set Miter” button when done, to return the display to show the correct angle
